

S.NO	TITLE OF THE PROJECT (VEL TECH)
1	Car Automation using CAN protocol
2	dyanamic modelling of digital circuits using FPGA
3	Industrial safety measures system with voice indication using embedded system
4	PC interfaced PIC based multi point machine controller using embedded system
5	SPIT image processing using FPGA
6	Embedded Based Identification and Control for Fault
7	PTP design for IEEE 708 using FPGA
8	Intelligent application of fuzzy logic in automated trains
9	Multi platform communication using Embedded system
10	Toll gate automation using RF ID
11	Anti collision systems Using embedded system
12	Application control of PSOS Environment using FPGA
13	Intelli voice controlled wheel chair automation using embedded system
14	VLSI Design of High Speed Reed - Solomon Decoder
15	Image Processing Using Lifting based DWT
16	Processor in Memory Architecture for Multimedia Compression
17	FPGA Design of MMS Transceiver using CDMA
18	Robust UART Architecture based recursive running sum filter using better noise performance
19	High Speed Recursion Architectures for MAP based Turbo Decoders
20	VLSI Design of DDR SDRAM Controller
21	VLSI Design of character Recognition using neural networks
22	FPGA Based Elliptic Curve Cryptographic Processor
23	Design and Test of UART using VHDL
24	Design of FIR filter using both pipeling and parallel processor
25	Design of Hardware assisted Data compression for memory energy minimization
26	A STUDY ON SATISFACTION OF EMPLOYEEES ON SAFETY MEASURES IN CATERPILLAR
27	A study on fundamental analysis of equity shares
28	A Study on customerperception towards Aqua guard with special reference to EFL
29	Designing of fiancial model for the Globe Radio Company
30	A study is to analyse the capital structure
31	Comparitive study on ABN-AMRO mutual funds with other foreign Mutual Funds / Study on Trade Transaction in Corporate Sector after INR Appreciation.
32	A STUDY AND EVALUATION OF SAFETY MEASURES PROVIDED AT RANE ENGINE VALVES LTD.
33	A COMPARATIVE STUDY OF ULIP PRODUTS NAV OF SELECTIVE INSURANCE COMPANY
34	A STUDY ON FUTURES TRADING AND VOLATILITY IN CURRENT MARKET
35	ANALYSIS ON PERFORMANCE OF INFRASTRUCTURE FUNDS

36	A Study on cost effectiveness in TPM implementation
37	A STUDY ON COMPETATIVE ANALYSIS OF TRADERS WITH REFERENCE TO NAVYA MARKETS LTD.
38	A Study on the impact of Employee's perception on stress with reference to L& T Limited in Chennai
39	A STUDY ON RISK MANAGEMENT IN CPCL
40	A STUDY ON ECONOMIC VALUE ADDITION IN CHENNAI PERTROLEUM CORPORATION LIMITED
41	A study on inventory control management system
42	A STUDY ON IMPACT OF CORPORATE PHILANTROPHY GLOBAL TRENDS IN DALMIA CEMENTS
43	A STUDY ON ANALYSIS OF IMPROVING THE NETWORTH OF THE INSTITUTION
44	A Study on optimization of inventory level
45	A STUDY ON THE CONTRIBUTIONS OF EMPLOYEES ON CSR INITIATIVES UNDERTAKEN BY TITAN INDUSTRIES LTD.
46	A study on Employee Empowerment with reference to Wheel India Pvt. Ltd.
47	A STUDY ON MONEY LAUNDERING IN INTERNATIONAL BANKING AND ITS IMPACTS
48	The Study on the relationship between the management and employees
49	An assessment of micro office development for Bajaj Allianz pvt. Ltd
50	ANALYSIS OF RISK AND RETURN IN INVESTING IN MUTUAL FUND.
51	A STUDY ON MARKET PERFORMANCE ANALYSIS OF SELECTED SECURITIES IN DERIVATIVES AND SPOT MARKET
52	A STUDY ON INVESTMENT PARAMETER OF MUTUAL FUND
53	A STUDY ON FINANCIAL PERFORMANCE WITH REFERANCE TO BUDGETING SYSTEM
54	A DEVELOPMENT OF MARKETING INFORMATION SYSTEMS IN PHOTON INFOTECH
55	AN ANALYSIS ON ENHANCING CUSTOMER RELATIONSHIP MANAGEMENT
56	A STUDY ON BRAND IMAGE OF AMARON BATTERIES
57	Study on International Payments / Credit Syndication / Imapct of INR against USD
58	A Study on accounts payable with respect to SAP
59	A Study on analysis of ATTRITION RATE at perotsystems
60	A STUDY AND EVALUATION OF THE BRAND AWARENESS OF JMB FINANCIAL SERVICES WITH SPECIAL REFERENCE TO CHENNAI CITY
61	A Study and analysis of reasons for attrition in AVT Infotech Pvt. Ltd.
62	A STUDY ON QUALTIY OF WORK LIFE OF EMPLOYEES IN AMCO BATTERIES
63	A study on Application of Activity Based Costing in Sical distriparks limited
64	A STUDY ON EFFECTIVENESS OF HUMAN RESOURCE RETENTION STRATEGIES ADOPTED IN TITAN INDUSTRIES
65	A STUDY ON EFFECTIVENESS OF PERFORMANCE APPRAISAL SYSTEM AT CONIFER IT SOLUTIONS
66	A STUDY ON ORGANISATIONAL CLIMATE IN RK INDUSTRIES
67	A Study on brand awareness towards savan pharmaceuticals Ltd. with reference to retailers
68	A STUDY ON MARKET POTENTIAL OF HERITAGE MILK IN CHENNAI CITY
69	A STUDY ON ERP SOFTWARE SOLUTION AMONG HEALTH CARE INDUSTRIES
70	STUDY ON EFFECTIVENESS OF RECRUITMENT PROCESS
71	A STUDY ON MAN POWER RATIONALISATION IN SSSCHWING STETTER

72	A Study on top of mind score analysis
73	A study on growing health business in Chennai viz agency
74	A STUDY ON EFFECTIVENESS OF SMALL GROUP ACTIVITIES IN TUBE PRODUCTS LTD.
75	A STUDY ON LEADERSHIP STYLES AMONG MANAGERIAL STAFF IN SRI AMMAN WIND SYSTEMS PVT. LTD
76	A study on recruitment life cycle in cybernet slash support
77	A STUDY ON WORK PLACE STRESS MANAGEMENT OF HPCL EMPLOYEES
78	A study and analysis of mutual fund relating to index fund and its performance
79	A study on Employees opinion regarding training and development programmes and their Effectiveness
80	A study on Technical Analysis of Equity Shares
81	A Study on Safety, Health nad Environmental measures in Tube Investments
82	A Study to identify the channels for launching the new product( ATS) with reference to Horizone technologies
83	A STUDY ON EFFECTIVENESS OF SALES PROMOTION IN CHIME POYMERS LTD.
84	EFFECTIVENESS OF PERFORMANCE APPRAISAL OF EMPLOYEEES
85	EFFECTIVENESS OF PERFORMANCE APPRAISAL
86	Study on the perception of employees about corporate social responsibility in ashok leyland and in general.
87	The Study on EQ's Impact on Managerial Effectiveness
88	A STUDY ON EFFECTIVENESS OF RECRUITMENT PROCESS IN MAX NEWYORK LIFE INSURANCE
89	A STUDY ON EMPLOYEES PERCEPTION ON LABOUR WELFARE MEASURES
90	A STUDY ON PERCEPTION OF WORKERS ABOUT HRD PRACTICES IN STAN PACK LTD.
91	A STUDY ON PERFORMANCE OF PORTFOLIO IN MAX NEWYORK LIFE
92	A STUDY ON FINANCIAL ANALYSIS OF SHAKTHI SUGARS
93	A STUDY ON LEVEL OF RETAILER SATISFACTION BY NICHE TECH IN TRIPPLICANE AREA
94	The study on inventory management
95	PORTFOLIO MANAGEMENT AND INVESTMENT DECCISIONS
96	Budjet and Costing
97	A SWOT ANALYSIS ON CHIME POLYMERS PVT LIMITED
98	A Study on impact of cutomer relationship management on customer loyalty
99	A study on Customer equiyt management done for Eureka Forbes pvt. Ltd.
100	A Study on Total Quality management in Unicon Investments Pvt. Ltd.
101	A STUDY ON GAP ANALYSIS WITH RESPECT TO CUSTOMER EXPECTATION AND SERVICE DELIVERY
102	A Study on Quality of Worklife With Special reference to ICF
103	TO ASCERTAIN MARKET POTENTIAL AND CUSTOMER PERCEPTION OF NAVIA MARKETS LTD.
104	A Study on Employees Perception towards 360 degree feedback performance appraisal system in Vestas
105	A STUDY AND ANALYSIS THE MARKET SHARE OF PEPSI AND COCO COLA WITH SPECIAL REFERENCE TO RETAILERS OF MADIPAKKAM REGION
106	Study on Material management
107	A STUDY ON FINANCIAL PERFORMANCE

108	A STUDY ON CUSTOMERS PERCEPTION TOWARDS PRODUCTS OF MAX NEW YORK LIFE.
109	Working capital management
110	HUMAN RESOURCES AUDIT
111	FINANCIAL APPRAISAL OF CEMENT INDUSTRY with TECHNICAL ANALYSIS
112	An Integrarted Resource Negotiation, Pricing and Qos Adaptation Framework for Multimedia Applications
113	Virtual Recruitment Syatems
114	Service Monitoring Systems
115	Nagios
116	Network Security systems
117	Rebate Processing Systems
118	Efficient Recognition by Charcterizing Key Local Variations
119	LAR Protocol Based Route Identification, Maintenance Data Transferring in Adhoc N/W's
120	Novabits using MVC Architecture
121	Video Based Social N/W system
122	Relaible Security Systems
123	Staffing Management Performance Apparisal
124	Digital Rights Management using Soap
125	Secure Media for Adaptive Streaming
126	Lan Messenger Systems
127	Spy Proxy Based Security Framework Detection
128	Work Flow Automation with Cryptography
129	RealTime Business Analyasis using WAP
130	Dynamic Load Balancing in Distributed Systems in the Presence of Delays- Regeneration Theory approach
131	Incremental Maintenance of Schema- ReSturcturing Views in Schema SQL
132	Terminal Interface Capturing Systems
133	Remote Visual N/W Access Computer
134	Grid Computing Systems
135	J-C Tracker
136	N/W Border Patrol
137	N/W Monitoring Protocol in Grid Environment
138	Privacy - Preserving Data Mining Systems
139	Voice Integrated N/W Controller
140	Wireless N/W RCC
141	Newsfeed Syndication Generation over Hetrogeneous N/W
142	An Expiration Age based Placement Scheme for cooperative WEB Caching
143	Depot Mangement Systems
144	N/W Forencis using Honeynets

145	Efficient Broadcasting with Guarenteed coverage in Mobile Adhoc N/w's
146	GUI Front Enf for Postgres
147	Single sign on Authentication Systems
148	Mobile portfolio Track
149	Integrated Internal Site Search Engine
150	Intelligent Natural Language Query Interface for Temporal Database
151	Adaptive Route Optimization in Hirechical Mobile IPv6 N/W's
152	Remote Control using RMI
153	Smart Home using JTAPI
154	OCGRR:A new scheduling algorithm for differentiated service networks
155	IP security with VPN
156	Remote Control PC Using RMI
157	Randomized Protocol for duplicate elimination in peer-to-peer storage systems
158	Nissan win support
159	Automatic fuzzy Ontology generation for semantic web
160	Hiding sensitive association rules with limited side effects
161	Building voice synthesized web browser with IBM via voice speech engine
162	N/W Print Spooler
163	Linux Virtual server with heart beat
164	Phenix
165	Dynamic Web Site Generation Using MS.Net Framework
166	Database Migration
167	Extracting Actionable Knowledge From Decision Trees
168	NML FB Long Trem Maintenance
169	A Distributed DB Architecture foe Global Roaming in Mobile N/W's
170	Nissan Win Support(7011411)
171	OnLine Mobile Recharger
172	Finance Data Mangement Suystems
173	Web Trouble Shooter for ERP Solutions
174	VVOIP
175	Bug Reporting Tool
176	Dynamic Character and Pattern recognition using neural networks
177	Decision Support Systems
178	Multi Currency Position Accounting
179	Reflexive Work Force tracker
180	Remote Controlled Caching Prxy Server
181	Optimal Replica Placement under TTL- Based Consistency

182	Trust Mangement in Distributed Systems
183	Multimedia processing for Mobile Devices
184	Stegnography in JPEG 2000 Compressed Images
185	Persistent Concurrent Systems
186	Remotely System Monitoring Using Survelline S/W
187	Satellite Photogrphs resolving & Sharpening Systems
188	IL2P Based Content Distribution Network (CDN)
189	A Reliable Broadcast Algorithm in Mobile AdHoc Networks
190	Semantic Web Based Knowledge Management Strategy for Grid Applications
191	Privacy-Aware Role Based Access Control
192	Nash Equilibria of Packet Forwarding Strategies by Game Theory
193	Hybrid-IDS For Detecting Unknown Attacks
194	Energy Efficient Wireless Peer to Peer File Sharing
195	Impulse Noise Detection And Reduction Using Fuzzy Logic
196	Dynamic Load Balancing And Scalable Web Server System Based on Network Clustering
197	Unified User Satisfaction Based Transaction Management Using Web Database System
198	User Controlled Inter-domain Routing Architecture
199	Optimal Path Selection For Media Files in Multipath Network
200	Techniques for efficient Road Network Based Tracking of Moving Objects
201	Generalised Load Sharing and Traffic Scheduling
202	Reservation Based Routing in Wireless AdHoc Network
203	Three Party Quantum Key Distribution Protocol With Mutual Authentication
204	Proactively Disseminating the Broken Link Information Using Distributed Cache Update Algorithm
205	Adaptive Resource Allocation in Cluster Environment
206	Compass Forwarding Boundary Probe for BSR Routing in Adhoc Network
207	Simple And Efficient Two Server Password Based Authentication System
208	Mobility Management in Hierarchical Mobile IPv6 Networks
209	Distributed Hop-by-Hop Rate Adjustment For Congestion Control in Wireless Networks
210	Online Detection and Prevention of Phishing Attacks
211	Implementing QOSS in RSVP for Multicast Applications
212	An Implementation of MAC Protocol Using DSCR Pipelining
213	Achieving Privacy on Trust Negotiations Based Ontology Approach
214	Thwarting DDoS Attacks by Divide & Conquer Strategy
215	Well Organised Dissemination With Guaranteed Coverage in MANETs
216	Packet Filtering Using CLP against DDoS Attacks
217	Content Adaptive Video Streaming With Delay Distortion Optimization
218	Web Search and Information Retrival Using Pfusion Architecture

219	Hybrid Data Caching for Mobile AdHoc Networks
220	Extendable and Adaptive Message Level Security Enforcement Framework
221	Efficient Proxy Caching Using Multimedia Streaming
222	AFST Based Energy Efficient Routing in Wireless Sensor Networks
223	Gateway Integration Load Balancing For Cellular/WLAN Networks
224	Identifying Metric for Measuring the QoS
225	Novel Key Establishment Scheme Using Wireless Sensor Network
226	Integration of Mobile IPv6 in Gateway Path Segment
227	Detecting Critical Cluster Nodes for MANET IDS
228	Topology Control in AdHoc Wireless Network Using Cooperative Communication
229	Scalable Delivery of Dynamic Automatic Fragment Detection in Cooperative Edge Cache Grid
230	An Acknowledgement Based Approach for Prevention of Routing Misbehaviour in MANETs
231	Enhancement of starter motor armature in the soldering stage
232	Improvement of material handling at the front fork and mugguard selection
233	Analysis of line rejection through OSRD management in vehicle assembly shop
234	Design of tilt table trolley for Roof sheet handling using Hydraulic Mechanism
235	Work sampling and time study on periodic overhaul of wheel sets of train carriage
236	Standardization of lifts used in FBS assembly
237	Improvement of effort and ergonomics index In Differential cage assembly(Rear)
238	Quality management in MXI VIN
239	Reduction of scrap & rework in the production of engine valves
240	Design of special machines automated for linear welding
241	Automation of creasing package
242	Automation of spray painting the hub of front and rear axles in an automation vehicle
243	Fixture for coach under frame
244	Material Handling arrangement for 25 tonne press
245	Design of Automation of wheel bearing assembly
246	Design & fabrication of bracket fixture in accelerator pedal assembly
247	Development of fixture for T90 turret machining
248	Mobile car Security System
249	EEVMS
250	Intelligent transport System using Wireless Technology
251	Mobile System Security using System Authentication
252	VLSI Design for Electrostatic Precipitator Application
253	RFID ATM for Visually Impaired
254	An Embedded Design for Accident Identification and Intimation using Wireless Technology
255	Automated Interactive Railway Gate Management System

256	Automated Inspection on RFID Card System with IRIS Identification
257	Interfacing CAN Controller
258	Intelligent Traffic Light Control for Emergency
259	Railway Ticketing using GSM
260	Energy Monitoring System
261	Train Announcing and Collison Avoidance System using Ultrasonic
262	Advanced & intelligent Distant Vehicle Identifying and Automatic Entry System usinf Active RFID
263	Tampering Detection using GSM Modem
264	CAN Based Home Automation
265	Design Implementation of Low Power FIR Filter using CSHM
266	Tampering Detection of Energy Meter Using GSM Modem
267	Design of CISC Based Operating Security System with GSM
268	Coach Location Monitoring and Material Management
269	CAR Automation using CAN
270	Heart Beat Monitoring
271	Control of Process Parameters in Industries using CAN
272	A Novel Rarend Collison, Accident Avoidance and Distance Measurement using Ultrasonic Technology
273	Design & Development of Embedded System based Location Identification using GPS
274	Automated FARE Collection and Passenger Information System
275	GPS based Accident Identification System
276	Solar and Winding Powering System to Houses and Industries
277	Implementation of Scientific calculator using FPGA
278	Detective Intelligence System using P89V51RD2
279	Multiplxing Control Wire E.M.U
280	User defined packet traversal in secure routes
281	Production decision support system- vendor outsourced module
282	Structural patterns for XML query processing
283	Implementation of VOIP technology to enchanche the QOS and bandwidth efficiency in Voice / Text Data
284	Computer based Face recognition system with humans matching faces over changes in Illumination
285	Self configuration to access the WEBMAil using middleware system
286	DNA sequence compression using normalized maximum likelihood algorithm
287	Implementing Hybrid protocol for route discovery in MANETS
288	An integrated resources negotiation pricing QOS adaptation framework for multimedia application
289	Sales Force Management systems
290	Distributed Computing with dynamic load balancing
291	A Natural language based query interface for retrieving from the Multimedia database
292	Discovery of context specific ranking functions for effective information retrieval using genetic programming

293	A service oriented architecture for Data Mining
294	Componenet framework for developer network using MVC Pattern
295	Video relay using priority selected cache algorithm
296	Ontolook search engine in semantic web
297	An Efficient Dynamic sample selection in peer to peer networks
298	Detection of IP snoofing and DOS attack in the network
299	Reducing the processor power utilization on redundand multithreading
300	Routing misbehaviour in adhoc network Can be detected by 2ACK scheme
301	A Noise reduction method for watermarking images using fuzzy filter
302	Implentation of distributed collaborative key genetrating system
303	WAP ADHOC based database Administration
304	Randomized protocols for duplicate elimination in Peer-Peer storage systems
305	XML database Migration
306	Signature verification using Neural Network concept – Back propagation
307	Simulation of Guaranteed coverage for broadcasting over the mobile ADHOC networks
308	Best Rank schema match using onto builder tool
309	Mobile agents Based system monitoring
310	Virtual Network Computing
311	TCP-LP low priority service via end point congestion control
312	Reimbursement system
313	Behavioral Biometrics based on mouse dynamics
314	Resuming broken transfers and file integrity check
315	Implementation of online decision making in automatic computing systems
316	128 CHANNEL ADC AND MULTICHANNEL DAC USING EMBEDDED CONTROLLER FOR PROCESS CONTROL
317	AERATION PLANT CONTROL USING PLC
318	MULTIPLE TANK LEVEL CONTROL USING EMBEDDED CONTROLLER
319	MULTIPLE BOTTLE FILLING SYSTEM USING PLC
320	AUTOMATED POST OFFICE
321	FUTURE DRIVER ASSISTANCS SYSTEM
322	BLUETOOTH BASED SYSTEM WIRELESS REMOTE DEVICE CONTROLLING AND DATA ACQUISITION
323	HEART INSTANTANEOUS FREQUENCY MEASUREMENT METHOD BASED IN LMS ALGORITHM
324	GLOBAL POSITIONING SYSTEM FOR TRANSMISSION AND DISTRIBUTION NETWORK
325	FINGER PRINT ATM WITH SECURITY SOLUTIONS
326	AUTOMATIC BACKWASH SYSTEM FOR INDUSTRIAL FILTERS
327	AUTOMATION OF TRANSFER CAR SYSTEM
328	AUTOMATION AND ANTISKID FACILITY FOR TWO WHEELERS
329	INTERNET BASED SPEED CONTROL OF VECHILES

330	<b>BUILDING AUTOMATION SYSTEM</b>
331	<b>EM Transmitter for subsurface exploration using PIC Micro Controller</b>
332	<b>Distributed multiarea load flow monitoring system using fuzzy logic</b>
